Mrs. Wilson's Hair Dressing is put up in large bottles, and retails for 37 cts. per bottle, and for dressing the hair of any person, young or old, there is not its equal in the world. THE ONLY DISCOVERY WORTHY OF ANY CONFIDENCE FOR Restoring

THE BALD AND GRAY

Many, since the great discovery of Prof. Wood, have attempted not only to imitate his restorative, but profess to have discovered comething that would produce results identical; but they have all come and gone, being carried away by the wonderful results of Prof. Wood's preparation, and have been forced to leave the field to its resistless sway. Read the following:—

Bath. Maine. April 18th 1859.

Prof O. J. Wood & Co. Gents: The letter I wrote you in 1856. concerning your valuable. Hair Restorative, and which you have published in this vicinity and elsewhere, has given rise to numerous inquiries touching the facts in the case. The inquiries are, first, is it a fact of my habitation and name, as stated in the communication; second, is it true of all therein contained; third does my hair still continue to be in goon order and of natural color? To all I can and will answer invariably yes. My hair is even better than in any stage of my life for forty years past, more soft thrifty and better colored; the same is true of my whiskers, and the only cause why it is not generally true is that the substance is wrened off by frequent ablution of the face, when if care were used by wiping the face, in close connection with the whiskers, the same result will follow as the hair. I have been in the receipt of a great number of letters from all parts of New England, asking me if my hair still continues to be good; as there is so much fraud in the manufacture and sail of various compounds as we'l as this, it has no doubt been basely mitated and been used, not only without any good but to absolue injury. I have not used any of your Restorative of any account for some months, and yet my hair is as good as ever, and hundreds have eximined it with surprise, as I am now 61 years old and not good Lutto absolue injury. I have not used any of your Restorative of any account for some months, and yet my hair is as good as ever, and hundreds have extimined it with surprise, as I am now 61 years old and not a gray hair in my head or on my face; and to prove this fact. I send you a lock of my hair, taken off the past week. I received your favor of two quart bottles last Summer for which I am very grateful: I gave it to my friends and thereby induced them to try it, many were skepticle until after trial, and then purchased and used it with universal success. I will ask as a favor, that you send me a test by which I can discover frant in the Restorative, sold by many. I fear without authority from you. A pure article will insure success and I believe where good effects, do not follow the failure is caused by the impure article will insure success and I believe where good effects, do not follow the failure is caused by the impure article which curses the ininventor of the good. I deem it my duty as heretofore to keep you apprised of continued effect on my hair, as I assure all who enquire of my unshaken opinion of its valuable results. I remain, dear sir, yours.

Aarons, Run Ky., Nov. 30 1858

Frace, O. J. Wood: Dear sir.—I would certainly be doing you a great it justice not to make known to the world, the wonderful, as well as the unexpected result I have experienced from using one bottle of your Hair Restorative, After using every kind of Restoratives extant, but without success, and finding my head meariy of itute of hair. I was finally induced to try a bottle of your Hair Restorative. Now cander and justice compet me to announce to whoever may read this, that I now possess a new and beautiful growth of hair, which I pronounce richer and handsomer than the original was. I will therefore take occasion to recommend this invaluable remedy to all, who may feel the necessisy of it.

I will therefore take occasion to recommend this invaluable remedy to ALL who may feel the necessisy of it.
